Society

## WELCOME ADDRESS

Dear Friends and Colleagues,

We are delighted to invite you to the first edition of Santo-Rhino Workshop, to take place in Santorini island, in September 16th to 18th 2016.

This is the first of a series of biennial sinus, rhinoplasty and endoscopic skull base surgery courses to be held on the island of Santorini in Greece.

We are very excited and proud to bring together some of the world leaders in the areas of Rhinology, Endoscopic Skull Base Surgery and Rhinoplasty as well as showcasing some extremely talented young surgeons - the next generation of future leaders in the field.

We aim to combine state of the art keynote lectures with challenging round table discussions of difficult cases and debates where the audience can participate and vote, complemented with some cutting-edge short and practical “how I do it” video-lectures.

The philosophy and main theme of this meeting is “networked learning” - defined as “the process of developing and maintaining connections with people and information, and communicating in such a way so as to support one another’s learning”.

We hope to provide something for everyone in Santorini: More junior surgeons can learn the basic “tricks of the trade” while the more experienced surgeons have a chance to fine-tune their skills and focus on the most nuanced aspects of the latest and more advanced procedures available, straight from the masters.

The invited faculty consists of friends and mentors - people who have been our teachers or have reinforced and influenced our process of learning over the years. The participants are encouraged to emulate this process - ask questions and grow by interacting with these masters in a relaxed atmosphere.

Just remember: login to [www.sli.do](http://www.sli.do) entering event code “santorini” and join the discussion.

Last but not least, have fun: Santorini is one of our favourite places - it combines some breath-taking scenery with relics of an ancient civilization - be sure to explore!

Looking forward to seeing you in Santo-Rhino 2016!

The organisers,

**Christos Georgalas**

MD, PhD, MRCS, DLO, FRCS(ORL-HNS)  
Otorhinolaryngologist, Hygeia Hospital Athens,  
Center for Skull Base patients  
Leiden University, Leiden

**Wouter van Furth**

MD, PhD, Neurosurgeon,  
Center for Skull Base patients  
Leiden University, Leiden

## PROGRAM

Friday, 16 September 2016

**09:00-11:00** **Session A: The frontal sinus - Is it still the "Holy Grail" of rhinology?**

**Moderator: A. Sama**

- How to do it: Frontal sinusotomies - Draf 2a and 2b - **C. Meco**
- How to do it: Draf 3 - **C. Georgalas**
- Flaps and flocs in frontal sinus surgery (Draf 2b and Draf 3)- **P. Herman**
- Mucoceles: When to be afraid and when not to be - **A. Sama**
- The artery that changed my practice - **A. Sama**
- Debate** - Draf 3: Can it ever be justified? - **C. Georgalas / P. Herman**

**Video/case presentation from faculty: How would you have done it?**

**11:00-11:30**

**Coffee Break**

**11:30-13:00**

**Session B: Not so innocent as they look: Benign sinonasal tumors**

**Moderator: P. Battaglia**

- Osteomas - When should we open? - **P. Battaglia**
- How to do it: Medial Maxillectomy - **P. Battaglia**
- Inverted papilloma - Good tumors behaving badly - **P. Herman**
- How to do it: Orbital suspension for lateral frontal sinus lesions - **C. Meco**
- Angiofibroma - The good, the bad and the ugly - **C. Georgalas**

**Video/case presentation from faculty: How would you have done it?**

**13:00-14:00**

**Lunch Break**

**14:00-15:30**

**Session C: Malignant tumors: Endoscopic, not minimally invasive management**

**Moderator: Y. Viotakis**

- Keynote Lecture** - State of the art in the management of malignant sinonasal tumors - **P. Castelnuovo**
- Keynote Lecture** - Endoscopic nasopharyngectomy - **P. Herman**
- Keynote Lecture** - Approaches to the infratemporal fossa - **P. Battaglia**

**15:30-16:00**

**Tea Break**

16:00-18:00

## Session D: Small changes, big improvements: How to keep your blood pressure low while doing FESS

**Moderator: C. Meco**

- Preoperative management - Work now, relax later - **C. Meco**
- Doors of perception: A step by step guide to endoscopic sinus surgery - **A. Sama**
- Complications of ESS - They always happen to others? - **P. Battaglia**

Video/case presentation from faculty : How would you have done it?

Saturday, 17 September 2016

09:00-12:00

## Session E: Endoscopic Skull base surgery

**Moderator: W. van Furth**

- It's the anatomy, stupid: From A to Z and back to A again - **V. Papanastasiou**
- Debate** - Endoscopy or microscopy for pituitary tumors? - **P. Nomikos / W. van Furth**
- Skull base meningiomas: Open, transnasally or supraorbitally - **W. van Furth**
- Petrous apex and petroclival tumors - Is endoscopy too good to be true? - **C. Georgalas**
- Keynote Lecture** - Multiportal access to the skull base - **P. Battaglia**

Cases from the faculty and the audience

12:00-13:30

Lunch Break

13:30-15:30

## Session F: CSF Leaks and encephaloceles: Closing holes with confidence

**Moderator: I. Sengas**

- Investigations: CT, MRI and intrathecal fluorescein:  
What do we really have to do? - **C. Georgalas**
- Technical issues - **C. Meco**
  - Large lateral sphenoid leaks - How to approach them, what is their etiology?
  - Frontal sinus leaks
  - Multiple sites of leaks
- Increased ICP and spontaneous CSF leaks - How to investigate, when to treat and how - **T. van Zele**
- Postoperative management - Drains, antibiotics, acetazolamide and bed rest -  
Is there any evidence? - **T. van Zele**
- Debate** - To drain or not to drain: That is the question! - **P. Battaglia / V. Papanastasiou**

Cases from the faculty and the audience

15:30-16:00

Coffee break

## PROGRAM

### Saturday, 17 September 2016

#### 16:00-18:00 Session G: Rhinoplasty - I

##### Moderator: P. Palma

- An aesthetic approach to rhinoplasty osteotomies - **P. Palma**
- How to do it: Dealing with the crooked septum in rhinoplasty - **C. Georgalas**
- How to do it: Endonasal tip plasty - **P. Palma**
- Keynote Lecture** - The Changing Landscape of the Web 2.0 Rhinoplasty Generation - **P. Palma**

### Sunday, 18 September 2016

#### 09:00-10:30 Session H: This sinking feeling: Patients with recalcitrant CRS

##### Moderator: T. van Zele

- When surgery and drugs don't work - What to look for / investigations - **C. Meco**
- The role of topical therapy - **T. van Zele**
- The role of aspirin desensitization - **T. van Zele**
- Anti IL5 and other novel approaches: Brave new world or another great idea that doesn't work? - **T. van Zele**
- How to do it: Revision sinus surgery (10 minutes - including video) - **A. Sama**  
**Difficult cases - How did I do it, what would I have done differently - A. Sama / Faculty**

#### 10:30-11:00 Coffee Break

#### 11:00-13:00 Session I: Rhinoplasty - II

##### Moderator: G. Nolst Trenité

- Nasal valve surgery - Step by step - **D.J. Menger**
- Keynote Lecture** - Rhinoplasty in children: Is it ever justified? - **D.J. Menger**
- My experience with rhinoplasty grafts - **V. Pavlidelis**
- Keynote Lecture** - Things I have learned after my first few thousands of Rhinoplasties - **G. Nolst Trenité**

## GENERAL INFORMATION

### VENUE

#### **Petros M. Nomikos Conference Center**

Fira, Santorini, 84700, Greece

The Petros M. Nomikos Conference Centre is located in the capital of Santorini, Fira, overlooking the caldera and the volcano. This neoclassical mansion, with its characteristic red colouring has been transformed into a modern, operational Conference Centre, preserving its traditional character with its cellars and terraces.

### OFFICIAL LANGUAGE

English is the official language of the course. There will be no simultaneous translation.

### CME-CPD CREDITS

The course has been awarded with 16 credits of continuing medical education from the Panhellenic Medical Association.

### SECRETARIAT OPENING HOURS

<b>Friday, 16 September 2016</b>	<b>08:30 - 18:00</b>
<b>Saturday, 17 September 2016</b>	<b>09:00 - 18:00</b>
<b>Sunday, 18 September 2016</b>	<b>09:00 - 13:00</b>

## **BADGES**

All registered participants will be given a badge, in order to access the scientific sessions and the exhibition area. Participants are to wear their badge for the duration of the course.

## **EVALUATION**

Registered participants are requested to complete and submit the evaluation form given to them at the Registration Desk, in order to receive their certificate of attendance.

## **CERTIFICATE OF ATTENDANCE**

Registered participants can collect their certificate of attendance on Sunday, 18 September 2016, from the Secretariat Desk, after having completed and submitted the evaluation form at the Secretariat.

## **REGISTRATION**

Registration fee includes: • Access to the scientific sessions • Access to the exhibition area • Final Program • Certificate of attendance • Course Material • Coffee breaks and meals

*Please fill-in the registration form at the Secretariat Desk, in order to participate in the workshop.*

## **INTERACTIVE PARTICIPATION**

There will be a live system of interactive participation, available to registered participants, for the duration of the course.

Connect to [www.sli.do](http://www.sli.do) using the event code #santorini for **live Q&A** and **voting** during the course.

## **ACCOMMODATION - TRANSFERS**

Accommodation and/or transfer service can be arranged by the Course Secretariat. Please contact the Secretariat Desk for any requirements.

## **CLIMATE AND CLOTHING**

During September, the temperature in Santorini ranges from 19 degrees Celsius to 26 degrees Celsius (66 F to 79 F) and is getting cooler during the nights. The dress code is of individual choice and variable, from casual to sporty, according to personal preference.

## **ELECTRICAL SUPPLY**

Voltage in Greece is 220 V, at a frequency of 50 Hz.

Plugs are continental style, two-pin. A plug adaptor should be taken along incompatible electric / electronic gadgets to be used.

## EMERGENCIES

Whilst in Greece, one may seek any help they might need (police, ambulance, fire brigade, coast guard) by ringing the number 112, from anywhere in Greece. The number is answered by English-speaking staff, and may be dialed from public telephones or mobile telephones.

Please note, the registration fee does not include medical or any other insurance. In emergency cases, medical services in Greece will be provided at nominal fees, under the National Health Service auspices. However, no transportation to the delegate's home country would be provided.

In case of emergencies, please talk to members of the organizing committee or the course secretariat for immediate attendance.

## FACULTY

### COURSE DIRECTORS

<b>Christos Georgalas</b>	MD, PhD, MRCS, DLO, FRCS(ORL-HNS), Otorhinolaryngologist, Hygeia Hospital Athens, Center for Skull Base patients, Leiden University, Leiden
<b>Wouter van Furth</b>	MD, PhD, Neurosurgeon, Center for Skull Base patients, Leiden University, Leiden

### INTERNATIONAL FACULTY

<b>Paolo Battaglia</b>	Assistant Professor, Department of Otorhinolaryngology, University of Insubria, Varese, Italy
<b>Paolo Castelnovo</b>	Full Professor in Otorhinolaryngology, University of Insubria, Varese, Italy
<b>Philippe Herman</b>	Professor, Department of Otorhinolaryngology, L' Hôpital Lariboisière, Paris, France
<b>Cem Meco</b>	Professor and Chairman, Department of Otorhinolaryngology, Head and Neck Surgery, Ankara University Medical School, Turkey
<b>Dirk-Jan Menger</b>	Consultant in Otorhinolaryngology, University Hospital Utrecht, The Netherlands
<b>Gilbert Nolst Trenité</b>	Professor in Otorhinolaryngology, Medisch Centrum Jan van Gooyen, AMC, Amsterdam, The Netherlands
<b>Pietro Palma</b>	Clinical Professor, Department of Otorhinolaryngology, University of Insubria, Varese, Italy
<b>Anshul Sama</b>	FRCS, ENT, Consultant and Honorary Professor, Loughborough University, UK
<b>Thibaut van Zele</b>	Ass. Professor, ENT Department UZ Gent, Belgium

## LOCAL FACULTY

- Vassilios G. Daniilidis** MD, PhD, Professor & Chair, Department of ORL, Head & Neck Surgery, University Hospital, University of Patras, Greece
- 
- Emmanuel Hadjimanolis** MD, PhD, Director, Department of Head & Neck Surgery, Hygeia Hospital, Athens, Greece
- 
- Pavlos Maragkoudakis** MD, PhD, Ass. Professor, 2nd Department of ORL-Head & Neck Surgery, "Attikon" Hospital, National & Kapodistrian University of Athens, Greece
- 
- Nikos Maroudias** MD, PhD, Chair, Department of ORL, Head & Neck Surgery, Konstantopoulou Hospital, Athens, Greece
- 
- Panagiotis Nomikos** MD, PhD, Chair, Department of Neurosurgery, Hygeia Hospital, Athens, Greece
- 
- Varnavas Papanastasiou** FRCS, Neurosurgeon, Aretaeion Hospital, Nicosia, Cyprus
- 
- Vasilios Pavlidelis** MD, PhD, "APHRODITE", Rhinoplasty – Otoplasty and Facial Plastic Surgery Center, Athens, Greece
- 
- Ioannis Sengas** MD, PhD, Professor & Chair, 1st Department of ORL- Head & Neck Surgery, "Hippokraton" Hospital, National & Kapodistrian University of Athens, Greece
- 
- Georgios Stranjalis** MD, PhD, Associate Professor, Department of Neurosurgery, "Evangelismos" Hospital, National & Kapodistrian University of Athens, Greece
- 
- Yiannis Yiotakis** MD, PhD, Professor & Chair, 2nd Department of ORL-Head & Neck Surgery, "Attikon" Hospital, National & Kapodistrian University of Athens, Greece
- 

## ACKNOWLEDGMENTS

- Zinovia Alatzidou** MD, MSc, ENT Surgeon, Hygeia Hospital, Athens, Greece
- 
- Giannis Geramas** ENT Specialist, Head and Neck Surgeon, Athens, Greece
- 
- Panagiotis Gerbesiotis** MD, PhD, Otorhinolaryngologist, Consultant Athens Naval Hospital, Greece
- 
- Edward Hadjihannas** MBChB, MMedSci, MRCS, FEB(ORL-HNS), Consultant Ent Surgeon at Aretaeio Hospital, Nicosia, Cyprus, Assistant Professor at St. George's University of London at Nicosia Medical School
- 
- Dimitrios Terzakis** Otorhinolaryngologist, ENT Head and Neck Surgeon, Henry Dunant Hospital Center, Athens, Greece
